

Green River Regional Educational Cooperative*Proudly Presents****PASS Implementation Training*****July 1, 2013****Workshop #063-13**

Green River Regional Educational Cooperative
230 Technology Way Bowling Green, KY 42101

Audience: New PASS Teams *including* school administrator (s)

The PASS program is founded on the belief that children with emotional and behavioral disabilities benefit behaviorally from educational experiences with non-handicapped peers and academically from participation in the general curriculum. Designed by a behavior specialist and a licensed psychologist who together have over 40 years of educational experience, PASS was developed to provide students with serious emotional disturbance individualized programming that incorporates best practices in serving youth with SED.

Program methodology focuses on teaching/coaching students to behave appropriately in general education or resource classrooms with the help of a teacher trained as a Behavior Specialist. The program is implemented in three phases (1) Pre-Placement, (2) Orientation, and (3) Maintenance and Inclusion.

Participants will:

- *Develop an action plan for implementation*
- *Learn three phases of the PASS program*
- *Establish roles of PASS team members*
- *Begin preparing student portfolios for 2013-2014 School Year*
- *Learn how to identify target behaviors and discuss plan for addressing those skill deficits.*
